** Speakers*

** Refreshments*

** Sample Reiki Treatments*

** Vendors*

Spend your day surrounded by the Heart of Reiki.

Reiki is a Japanese relaxation technique that promotes personal healing and spiritual growth.

Our desire is to share with the community how Reiki can make a positive influence on both people and animals. Speakers will share why Reiki is close to their hearts and vendors will be selling products that promote health and well being.

Please check our web site for speaker schedule and vendor list.

Discover the healing within you!
